PROJECTS

RDPS School Website using WordPress

- **Project Title:** RDPS School Website
- **Platform:** WordPress
- **Description:** Developed a comprehensive and user-friendly website for RDPS School using WordPress. The project involved creating custom themes and plugins to meet the specific needs of the school. Implemented features such as an events calendar, online admission forms, and a blog for school news and updates. Ensured the website was responsive, accessible, and optimised for search engines.
- **Technologies Used:** WordPress, PHP, HTML, CSS, JavaScript

OAK Tree Public School Website

- **Project Title:** OAK Tree Public School Website
- **Platform:** HTML, CSS, JavaScript, Bootstrap, jQuery
- **Description:** Designed and developed the website for OAK Tree Public School, focusing on a clean, modern, and user-friendly interface. Used HTML, CSS, and JavaScript for the structure and functionality, and Bootstrap for responsive design. Enhanced interactivity with jQuery, including dynamic content updates and animations. The website features a detailed overview of school programs, faculty profiles, and an integrated contact form.
- **Technologies Used:** HTML, CSS, JavaScript, Bootstrap, jQuery

VSAM Website Design

- **Project Title:** VSAM Website Design

- **Platform:** HTML, CSS, JavaScript, Bootstrap
- **Description:** Created a professional and visually appealing website for VSAM, utilising HTML, CSS, and JavaScript for robust front-end development. Employed Bootstrap to ensure the website is fully responsive and accessible across various devices. Focused on delivering a seamless user experience with intuitive navigation, informative content sections, and engaging visuals. Implemented features such as service descriptions, client testimonials, and a contact form.
- **Technologies Used:** HTML, CSS, JavaScript, Bootstrap

EDUCATION

Vikrant Group of Institutions, Indore, M.P **July 2023 - May 2026**
BCA (Bachelor of Computer Applications in Computer Science)
